Dear Valued Supplier,

Thank you for your continued support in strengthening our mutually beneficial partnership as we navigate the post-pandemic economy. Our supply chain continues to become more resilient, sustainable, and innovative as we partner with suppliers like you.

Consistent with our vision, we continue to adapt to changing market conditions to remain competitive. Effective immediately, GP's standard payment terms are 2% 15, net 60. These new standard terms will be implemented in conjunction with all contract renewals, requests for proposals (RFP's), and new contracts. There is no change in the calculation of terms based on invoice receipt date.

For questions, please contact your relationship owner within our Strategic Sourcing & Procurement capability.

Sincerely,
